Cedar Creek Motor Sport Trail

*It is the policy of the Huron-Manistee National Forests that all Forest lands are **closed unless posted open** to all riders on all trails. Motorized vehicles that are licensed as ORVs can operate on trails, roads, and areas which are designated and signed for their use. All National Forest roads are open to "street legal" vehicles, unless posted closed. Motorized trails are only for use by vehicles*

less than 50" wide.

The Cedar Creek terrain is flat to rolling with sandy soils. The most hilly section is south of the staging area. Some low spots may be wet. The trail parallels Cedar Creek for several miles and has two bridge crossings. Vegetation is mostly oak forest with sparse grass, sweet fern, and bracken fern understory. There are also red and white pine forests in the area.

The Cedar Creek Trail is located in the Northeast part of Muskegon County, Michigan, between Holton and Twin Lake. The parking lot/staging area is located just south of Ryerson Road on Linderman Rd. A sign on

Ryerson Road marks the entrance to the parking area. A bulletin board with current trail information is located at the parking lot.

The trail system is approximately 24 miles long, all on single-track trail. There is two-way traffic on this trail system.

Access:

From Muskegon, take US-31 north 5 miles to Hwy M-120. Take M-120 northeast 6 miles to Twin Lake. Take Ryerson Road from Twin Lake two miles east to the parking area.

From Grand Rapids, take Hwy M-37 north 20 miles to Hwy M-46. Take M-46 west for 13 miles to Maple Island Road (B-31). Take Maple Island Rd north for 10 miles to Ryerson Rd. Take Ryerson Road west for 4 miles.

Considerations:

- Travel only trails designated open for the type of ORV you have.
- Operator and vehicle must meet all applicable State and

vehicle operator requirements.

- All ORVs must have, in good working condition and in constant use, a muffler which will meet or exceed all sound emission standards set by state law. Exhaust noise shall not exceed 99Db(A) or 94Db(A) on vehicles manufactured after Jan 1, 1982 when tested according to the provisions of the SAE J1287, June 86 test. All ORVs must be equipped with an appropriate manufacturer's muffler and U.S. Forest Service approved spark arrester.
- This trail is open to both motorcycles and ATVs.
- A DNR Off-Road Vehicle sticker is required on this trail.
- ORVs are not allowed on County, Forest or two-track roads unless they are street legal.
- This trail is located entirely on single track trail on National Forest land. The trail crosses Ryerson Road at two locations as well as numerous light traffic public

roads, so attention to stop and caution signs is important.

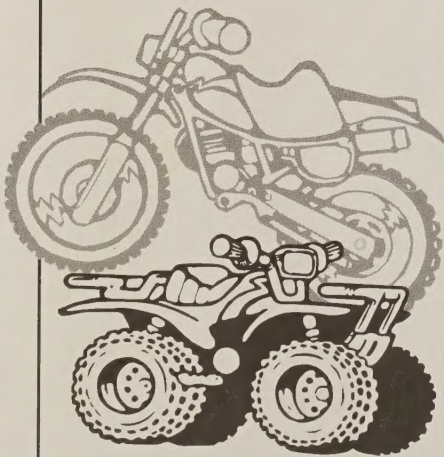

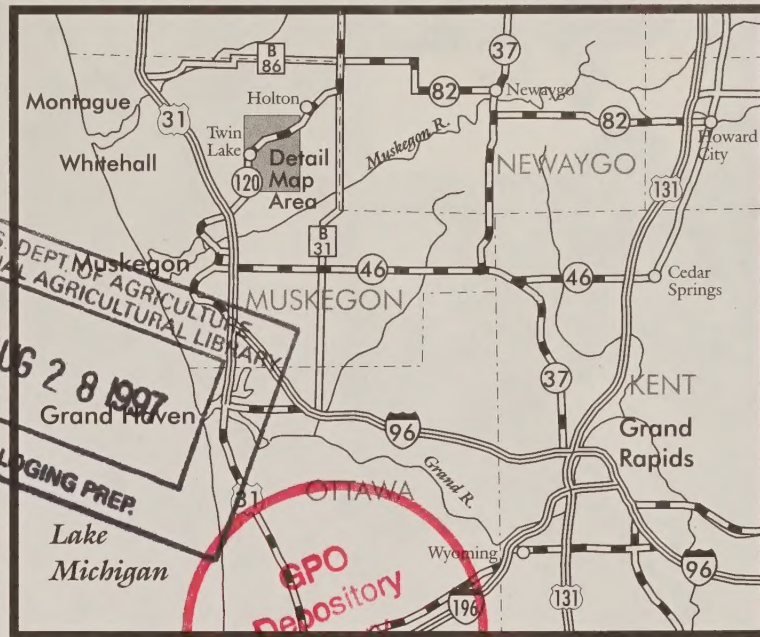

- Gas and public phones are available in Holton and Twin Lake. Twin Lake has mechanics available and a towing service.
- The recommended season of use is from March 15 to December 15, depending on snow cover.
- It is prohibited to operate a vehicle in a manner which damages or unreasonably disturbs the land, wildlife, or vegetation. Violations are punishable by a fine of up to \$500.

In Case of Emergency:

Call Sheriff at 821-2121 or dial 911. Call State Police at
